DR.PRICE'S Gream Baking Powder

The difference of cost between a good and a poor baking powder would not amount for a family's supply to one dollar a year. The poor powder would cause doctors' bills many times this.

Dr. Price's Cream Baking Powder is the most economical in the end, because it goes further in leavening and insures perfect, wholesome food.

Used always in making the biscuit and cake it saves both health and money. Made from pure, grape cream of tartar, most healthful of fruit acids.

PRICE BAKING POWDER CO.,

Nore.—You cannot, if you value good health, afford to use cheap, low-grade baking powders. They are mostly, in spite of the pure food laws, made from alum, which endangers the health. All physicians will tell you that such pow-ders in food are injurious. ders in food are injurious,

SMALL BOY KIDNAPS A CHILD.

Demands Ransom, but Gets Room

in Jail Instead.

Helena, Mont., Nov. I.—A special to the Independent from Great Falls says that a 12-year-old boy named Southwick kidnaped the 5-year-old son of G. W. Ryan, a prominent grocer of that city, and sent a note to the father demanding 11,500 ransom, threatening to ram fine pieces of glass into the child's eyes and cut his hands off unless the demand was compiled with.

The police arrested young Southwick shortly after the Ryan boy had arrived at his father's store unharmed. Southwick said:

"I would have hit the old man for \$8,000 if I had thought he would stand for it."

CHURCH TRIAL CALLS HIM FROM GERMANY.

The Reverend Hugo Radau Is Charged With Conduct Unbecoming a Clergyman.

The ecclesiastical trial of the Reverend Hugo Radau of Wartsburg, Ill., charged with conduct unbecoming a clergyman, be-gan yesterday afternoon before the Very Reverend Danield S. Tuttle, Episcopal Bish-

The proceedings were brief, as the Reverend Mr. Radau pleaded that he did not have counsel, and asked for time. Bishop Tuttle allowed the defendant until Wednesday at 2:30 p. m. to obtain counsel.

The charges emanate from Munich, Germany, where, until four months ago, the accused was enjoying a fellowship given by the Theological Seminary of New York, and was studying under Professor Hommel of the University of Munich. The Reverend Mr. Padau was ordained on Enjagonalian Radau was ordained an Episcopalian Bishop Tuttle in this city, and later a ordained a minister in this diocese. e excelled as a student of languages He excelled as a student of languages and served for a time in the New York Seminary as instructor in Arabic. Professor Hemmel, it is said, noticed that the accused was growing lax in his duties while in Munich, and furnished evidence to Hishop Tuttle which caused the fellowship to be withdrawn and the charges preferred. Hearing of the charges, Mr. Radau left Munich four months ago and hastened to this country to defend himself.

Bishop Tuttle said yesterday that the defendant is entitled to have either a minister or an attorney-at-law as counsel, or both. Dean C. M. Davis of Christ Church Cathedral, the Reverend P. W. Fauntleroy and C. S. Freeborn are the "presenters" of the prosecution.

The Reverend Mr. Radau has lived in Wartsburg for the past four months, and came to this city yesterday morning. He is staying with frienda He refused to discuss his case, and said he had not yet chose his counsel.

RAIN IS NEEDED OVER A WIDE AREA.

Fall Sown Crops Are Suffering in Missouri, Illinois Ohio and Kentucky.

GERMINATION IS CHECKED.

Bulk of Cotton Crop Is Gathered -Little Damage by Frost Has Occurred-Weather Generally Favorable.

REPUBLIC SPECIAL Washington, Nov. 1.-The special monthly crop report of the Department of Agriculture states that the month has been very mild, and, for the most part, drier than usual, the weather conditions being generally favorable for farming operations Rain is very generally needed, however, over the Middle, South Atlantic and Gulf districts, and also in the central valleys and Middle Rocky Mountain region, drought being very severe in Western Texas and in the Upper Ohio Valley. Very little damage by frost has occurred. On the Pacific Coast the month has been favorable except in California, where rains caused some damage.

The conditions have been very favorable for gathering corn, and husking has made favorable progress. In Nebraska, Kansas and Iowa fall grain has made vigorous growth, but it needs rain over limited areas in the two last-named States. In Missouri, Illinois, Ohio and Kentucky germination and growth of fall-sown grain has been checked by ab-sence of moisture. In Indiana and Michi-gan the condition of the crop is very prom-

Itali-sown grain has been checked by absence of moisture. In Indiana and Michigan the condition of the crop is very promising.

Practically the whole month has been favorable for cotton picking, and, except over limited areas, the bulk of the crop is now guthered. Local conditions are as follows: Alabanin—Generally dry and favorable for maturing crops, though some slightly damaging frosts occurred coverd, but considerably below worse; grown nearly all noused; yield light; minor crops generally satisfactory; hay crop excellent; tall seeding backward, though considerable wheat and oats sown; early sown making fair stands, but both needing rain.

Mississippi—Fine mouth for gathering crops; damage by rainfall and frosts elight; cotton picking savanced rapidly; over three-fourths of crop picked; yield light in morth and fair in south, with average crop in few counties; countearly all housed; zield light, but sufficient for elime consumption in many localities; fell crops generally yleiding well.

Texas—Temperature above normal; rainfall deficient, except along extreme cast coast, where excessive; severe drought prevails over western half of State and need of rain now general; frosts on lith caused little damage, cotton picking progressed rapidly and is practically completed, except on bottom lands; a light top crop will be made if no killing frost occurs in near future; cane cutting and fice harvesting progressing favorably; latter crop excellent; grain sowing delayed because of dry soil.

Arkansa—Weather generally favorable for picking cotton, but cool nights have been rather unfavorable to crop; cern all gathered and housed except some very inte-planted, which is dryling slowly and is too tough to pull; conditions generally unfavorable for seeding and sermination of all strain, but considerable plowing and seeding done in some localities.

Tennesse—Exceptionally favorable weather throughout the month and farm work much farther anywanced than usual; tolacco housed in fine condition; conton opends well and picking k Suspicion of Bribery Stops Trial attempt of a man whose identity is not in the case of Fred Anslinger, who was on voted in the Seventh Precinct of the Seventh Ward and again in the Fourth Pre-cinct of the Eighth Ward. He lives at

No. 708 Carroll street. The case was called Thursday, A venire of thirty-four prospective jurors was selected, and the defense was given twenty-four hours in which to make its challenges. Circuit Attorney Folk and his assistant, Andy Maroney, appeared for the prosecution, while Tom Rowe and S. S. Bass represented the defense.

When court was convened at 2 o'clock yesterday afternoon Judge Wood called the Anslinger case for trial. Jacob Eschbacher

yesterday afternoon Judge Wood called the Anslinger case for trial. Jacob Eschbacher of No. 3142 Oscola street, a member of the venire, went immediately to Judge Wood and told him a man called at his house and asked him to be as lenient as possible on Anslinger, intimating that there would be "something in it" for him.

Judge Wood dropped the proceedings and summoned Circuit Attorney Folk. After a conference. Judge Wood summoned the other thirty-three members of the venire before him and asked if any one had been to see them the night before. Herman Neumuebel of No. 282 Arsenal street and Joseph J. Schulz of No. 282 Meramec street said a man had been to helr houses Thursesaid street and been to helr houses Thursesaid a man had been to helr houses Thursesaid a man had been to helr houses. Neunuebel of No. 2832 Arsenal street and Joseph J. Schulz of No. 2833 Meramec street said a man had been to their houses Thursday night and asked them to be tenient with Ansiinger. No definite propositions, they said, were made to them.

It was then decided to continue the case until the next term. Circuit Attorney Folk forthwith began an investigation, taking Schulz, Neunuebel and Eschbacher in his private office for a more thorough examination. When they emerged they declined to discuss the affair. It is quite probable that an indictment will follow. Attorneys Rowe and Bass were as much surprised as any one else at the revelation. They declare they had no knowledge that anything of the kind was being attempted. It is somewhat of a puzzle to the authorities where the man received the list of jurors and their addresses. He must have been in the courtroom or had a representative there who heard the names of the jurors. Then it would have been necessary to consult a directory for their addresses.

When one of the election cases was on

Question of Court Jurisdiction In volved in Peculiar Manner. REPUBLIC SPECIAL dresses.

When one of the election cases was on trial last spring a young man attempted to take a list of the jurors, and Judge Wood ordered him from the room.

Macon, Mo., Nov. 1.—An interesting juris-lictional question will be valued in a case that goes from Macon County to the Su-preme Court, the brief of which is now in preparation.

preme Court, the brief of which is now in preparation.

Neille M. Jewett of Lawrence, Kas., brought suit against Henry J. Boardman of Macon County to set aside a judgment obtained at the La Plata Court, the judgment being based upon service by publication in a Macon newspaper, a paper outside the tained at the La Plata Court, the judgment being based upon service by publication in a Macon newspaper, a paper outside the jurisdiction of the La Plata Court, as the act now stands. The land in suit is in La Plata's legal territory, and it was urged by plaintiff that the publication was illegal because made outside of it. Mrs. Jewett claimed the property hers, as being the result of her daily toll as a seamstress, during which time she cared for her invalid husband, Philo D. Jewett. Mr. Boardman was one of Mr. Jewett's creditors, and seized the stoperty for a debt. His judgment will be good if he can show the Macon and La Plata courts have concurrent jurisdiction in Macon County.

The Session Acts of 1879, as amended, give La Plata original and exclusive jurisdiction of all law and equity cases in the ten northern townships of the county. The objection to be urged in the Supreme Court is that the act attempts to virtually create a separate county in the north end, without submitting the proposition to a vote of the people as the Constitution directs.

Counties large enough to have two circuit

rects.

Counties large enough to have two circuit courts in them will be interested in this point, which, in a nutshell, is simply that a case may be brought from any part of a county and tried in any circuit court of the

The report of President Jesse showed the versity at the present time to be 1,685, which is over 200 in excess of any previous year. The board then adjourned to meet April 3. Campbell Wells of Platte City was elected chairman of the Executive Board.

PUNISHED ONCE FOR OFFENSE. Bill Returned Against Man Al ready in Workhouse.

It developed yesterday that Robert Kier-nan had been indicted for an offense for which he is already serving a term in the Workhouse Workhouse.

Kiernan and William Walker were indicted on a charge of grand larceny for the alieged theft of a horse from Mrs. Maggle Finch, of No. 2124 North Eleventh street. Kiernan was found in the Workhouse and Walker in jail, and they were arraigned yesterday. Klernan told Judge Wood he had stolen the horse, but he was already serving time for it and would be released by the end of November. He said he pleaded guilty on July 16, in the Court of Criminal Correction and was sentenced to serve four months in the Workhouse. Judge Wood told him if his statement were true he certainly could not be tried again for the same offense. An investigation showed that Kiernan was right.

Walker was bound over to the Grand Jury at the same time that Kiernan pleaded guilty. The papers were then forwarded to the Grand Jury, and in some way Kiernan was included in the indictments. Kiernan and William Walker were indict

HELPERS STRIKE.

One Handred and Fifty Men Demand Higher Wages.

A strike was ordered yesterday by the walking delegates of the Steamfitters' Helpers' Union, and as a result about 150 men in different shops of the city stopped work. The strike is the outgrowth of a demand made some weeks ago by the Helpers' Local No. 32, for an increase of wages of 50 cents a day. They were receiving \$2. The steamfitters in some shops have struck in sympathy with their helpers, and claim that if nonunion men are employed in the place of the strikers a general strike will be ordered affecting all union men who are at work on buildings or in shops where nonunion men are employed.

It is reported that several of the firms affected by the strike have acceded to the demand for the increase in wages, and it is expected that at the meeting of the Helpers' Union to-night at their hall, corner Eleventh street and Franklin avenue, the other employers will report as willing to pay the scale demanded. The steamfitters, at their last meeting, indorsed the action of the helpers in making a stand for higher wages.

Birth-Month Rings for November, Set with Topaz, meaning "Fidelity ndship." \$2.25 to \$16.00, and with To and Diamonds up to \$500.00. Mermod & Jaccard's, Broadway and Locust.

SENTENCED FOR LIFE.

Clerk Who Killed a Deliveryman Sent to Prison.

REPUBLIC SPECIAL.

Fort Worth, Tex., Nov. 1.—October \$ Gustav F. Martin was shot and killed by W. Eugene Brady. Brady was receiving clerk and Martin delivery man at Montgomery & Co.'e. Early in the morning a slight quarrel had occurred. Brady brooded over his fancied wrengs until Martin returned. about 11 o'clock. He then called Martin to account, and sking him to step outside and settle the trouble. Winking to his fellow-employes, with a smile on his face, Martin followed Brady to the door. Just as the latter resched the doorway, he drew a pistol from his shirt bosom, turned and shot Martin, Brady was to-day sentenced for life. REPUBLIC SPECIAL

"USE MAMMA'S PANCAKE FLOUR"

HOPE TO BE ORDERED TO PHILIPPINES,

Soldiers of Eleventh Cavalry Ex pect Soon to Be in Service in the Islands.

Major J. B. Hickey, who is in command of the post at Jefferson Barracks, has received no word from Washington as yet that the four troops of the Eleventh Cavas news from the War Department indihas been no hint to the officers of the regi-

HE GIVES THE COUNCIL'S SIDE.

Member of Upper House of Muni cipal Assembly Discusses the Garbage Contract.

In discussing the contract let recently for the reduction of garbage, a member o the City Council said yesterday: "A great deal of malignant criticism has

been indulged in by a partisan press against the Council for its approval of the garbage contract, "The facts in the case have not been discussed, but, in the place of facts, misrep-resentation and abuse have been resorted to.

To those who wish the truth, I can state that the contract approved by the Council was let under the provisions of ordinance 29476, which was drafted by the Health Commissioner, who assured the Council committee having the bill in charge that all its provisions had been most carefully insidered.
"Section 3 of this ordinance declares 'said

contract shall be let within thirty days from the approval of this ordinance."

"The ordinance was approved September 1901. The contract did not come before the Council for its consideration till more than thirty days had elapsed. Had the contract been disapproved, under the ex-press terms of the ordinance, no new con-tract could have been let.

What would then have become of the city garbage? A ready answer would be to throw it into the river, If such a course had been attempted, new difficulties would

have beset the city.

"The garbage is collected and delivered at the sanitary works by the Excelsion Hauling and Transfer Company under a contract dated July 21, 188. This contract reserving to the place where the garbage shall be hauled by the contractor, contains this clause: "When the present contract for the sanitary disposal of garbage has terminated, then to such points within the limits of the city as may be designated by ordinance." have beset the city.

what time could such an ordinan been passed? The answer to this wou depend on the action of the combine that runes the House of Delegates.

"The combine could and would have held it up or smashed it in committee for weeks and months, and in the meantime no garbage could have been collected at all.

"It would not be collected because there would be no place to carry it to. It could not be delivered at the sanitary works, because the contract with it would be at an end; it could not be carried to dumps along the river, because an ordinance to that effect would be smothered by the combine.

"The situation would become the more tritating because the Excelsior Hauling Company could recover in law the same compensation as before, although it would be doing absolutely no public service whatever.

"It clearly appears that if the contract." depend on the action of the combine

be doing absolutely no public service what-ever.

"It clearly appears that, if the contract had been disapproved, with the gar-hage littering the streets and decaying in the alleys a great public clamor would have arisen, and the Council would have been denounced for bringing such a condition upon the people. The Council took the oth-er course and approved the contract and malignant criticism has arisen as to this also. Not satisfied with the contract forced upon the city by adverse circumstances, for which the preceding Regublican adminis-tration was responsible, the Council nevwhich the preceding Regublican adminis-tration was responsible, the Council nev-ertheless voted to approve it as the lesser of threatened evils.
"Many other reasons were stated on the floor of the Council Chamber, but the above are sufficient to satisfy any thoughtful busi-ness man not blinded by partisan preju-dice."

New York Company to Abandon Its Old Field.

New York, Nov. 1.—Four steam canal boats and fifteen consorts which have been plying between New York and Cleveland, via the Eric Canal and Lake Eric, are to be withdrawn, cut up and shipped to the Philippines. General Manager Charles E. Wheeler says:

"Grain rates have fallen so low that there is no profit in eastbound tonnage. The highest rate we have had from Cleveland to New York has been 5 cents per hundred. The westbound tonnage has been profitable."

Lighterage facilities in the Philippines are exceedingly primitive. The new company is making arrangements for handling the hemp business, and has, it is claimed, secured certain exclusive rights for machinery to modernize existing practices in the Philippines.

FUNERAL OF FRANK BRADY.

Body of Well-Known Newspaper Man Is Cremated.

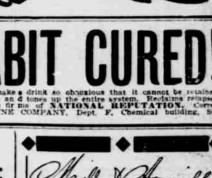

The body of Frank Brady, who died in Kansas City, arrived in St. Louis yesterday morning and was taken direct from Union Station to the Missouri Crematorium for in-dineration. Short services were conducted at the crematorium by the Reverend Frank
